INTRODUCTION

The Board of Directors approved this Charter, which, together with those of the Board's Committees, reflects its operating principles, on March 24, 2005.

The Board of Directors reviews its Charter at regular intervals and makes any changes that it deems necessary and appropriate. The Board approved a revised version of its charter on February 8, 2006 and the latest version on 10 December 2009. Furthermore, the Secretary General is authorised to make all formal changes to the text that he deems necessary at any time.

This charter complies with the *Code Belge de Gouvernance d'Entreprise* (Belgian Corporate Governance Code) of 12 March 2009. If the Company does not comply with one or more of the provisions of the above code, it will explain the reasons in its Corporate Governance Declaration.

I. Role of the Board of Directors

The Board of Directors adopts strategic guidelines for the Company as proposed by the Executive Committee or on its own initiative and actively supervises the quality of day-to-day management and its compliance with the proposed strategy with a view to enhancing the long-term value of the Company for its shareholders, while taking the interests of other stakeholders into account. The Board provides entrepreneurial leadership of the Company, ensures that risks are properly assessed and oversees their management by means of regular and stringent checks.

Corporate social responsibility, the gender mix and diversity in general are criteria which, among others, guide the Board of Directors in its decision-making.

II. Responsibilities of the Board of Directors

The Directors form a collegiate body. In order to perform its role, the Board of Directors has the following functions and responsibilities in particular which it exercises with the assistance of its different Committees:

1. Deciding on the strategic orientation for the Company as proposed by the Executive Committee or, where appropriate, on its own initiative;
2. Examining, approving and overseeing the Company's investments and disinvestments in property, where these exceed €75M as well as transactions below this limit which concern an acquisition abroad (except for rest homes in France) or an operational company (with staff), or, if the total of the new commitments taken on since the beginning of the year exceeds the sum of €75M, as well as any other transaction that the Executive Committee submits to it because of the magnitude of the risks incurred;
3. Concerning the business plan, budget and the financial statements:
 - Evaluating and approving the operational and financial plans (business plan) and the budget prepared by the Executive Committee;
 - Monitoring and assessing the Company's performance in relation to the business plan and the budget approved;

5. Evaluating the performance of the internal auditors and supervising the internal audit in the light of the inspection carried out by the Audit Committee;
6. Identifying the main risks incurred by the company, defining a frame of reference for the internal control and management of these risks by the Executive Committee and checking the implementation of this frame of reference in view of the inspection conducted by the audit committee;

12. Assessing the effectiveness of the Appointments, Remuneration and Corporate Governance and audit Committees;
13. Assessing its own effectiveness in the performance of its role and its responsibilities.
14. Dealing with all matters falling within its legal authority.

III. Composition of the Board of Directors

1. Number of Directors

The Board of Directors is in principle composed of 12 members. The composition of the Board provides for balanced representation between the Executive directors, the independent non-executive Directors and the other non-executive Directors. At least four Directors must be independent within the meaning of article 526b of the Companies Law. At least half of the Board must consist of non-executive Directors.

The Shareholders' General Meeting decides on the total number of Directors on the proposal of the Board of Directors. The Board of Directors, headed by the Chairman and assisted by the Appointments, Remunerations and Corporate Governance committee, regularly assesses the profile and appropriate size of the Board taking into account the size of the Company and ensuring a proper distribution of expertise. A shareholder with a holding in the Company of 5% or more (in accordance with the law of 2 May 2007 on the transparency of large shareholdings) in the capital of Cofinimmo can in principle be considered for a place on the Board.

To determine whether a shareholder can be considered for such a place, the principles of continuity and diversification will be taken into account as well as the following criteria:

- (i) Size of the shareholding;
- (ii) How long the shares have been held;
- (iii) The importance of the participation for Cofinimmo;
- (iv) The diversity of the shareholders.

There is a limit of one representation per shareholder on the Board.

2. Appointment of Directors

Directors are appointed by the General Meeting of Shareholders from among the candidates proposed by the Board of Directors on the recommendation of the Appointments, Remuneration and Corporate Governance Committee.

Where a Director's position becomes vacant, the remaining Directors are authorised to fill this vacancy on a temporary basis until such time as a final decision has been taken in accordance with the provisions of the above paragraph. This appointment shall be based on a proposal by the Appointments, Remuneration and Corporate Governance Committee.

Appointments to the Board of Directors are made on the basis of merit and objective criteria. For each new appointment of a Director an assessment will be made, in the light of the Company's requirements, of the existing and necessary competences, expertise and experience in the Board in accordance with the principles of diversity. On the basis of this assessment, a description of the role and capabilities required is prepared. Candidates are assessed with a view to ascertaining that their expertise and experience match those required by the Board.

3. Independence

The Directors undertake in all circumstances to act in the interests of the company and to maintain their independence of judgment, decisions and actions. They participate with complete independence in the work of the Board. However, the Board of Directors is of the opinion that a long term mandate does not necessarily imply a lack of independence.

At least four Directors, including the Chairman, must strictly meet the independence criteria outlined in Article 526b of the Companies Law and included in the Code of Corporate Governance

When an independent Director is appointed, the Board of Directors, assisted by the Appointments, Remuneration and Corporate Governance Committee will particularly check whether the candidate meets the following criteria:

- ☞ not to be an employee, managerial staff member, member of the Executive Committee, responsible for day-to-day management, executive director or a member of the management staff of Cofinimmo or of an affiliated company and not to have held a post of this kind during the 5 years preceding their appointment;
- ☞ not to be receiving or have received remuneration or other significant material benefit other than those related to their mandate from Cofinimmo or an affiliated company;
- ☞ not to be a controlling shareholder or have a shareholding of more than 10% in Cofinimmo, alone or jointly with a company over which the Director has control – or to be a director or member of the managerial staff of such a shareholder or to represent it. If the Director has a shareholding below 10% he may not make the acts of disposal relating to these shares or the exercise of the related rights subject to any contractual stipulations or to unilateral commitments to which he may have subscribed. The Director may not in any case represent such a shareholder;
- ☞ not to have and not to have had, in the course of the previous year, and not to be likely to have a significant business relationship with Cofinimmo or an affiliated company either directly or as a partner, shareholder, Director, senior manager or member of the managerial staff of a body having a relationship of this kind;
- ☞ not to be and not to have been in the course of the last three years a partner or employee of the current or former auditors of Cofinimmo or an affiliated company;
- ☞ not to be an executive member of the management body of another company in which an executive Director sits as such as a non-executive member of the management or supervisory body or to have other significant links with the executive directors of Cofinimmo by reason of an involvement in other companies or bodies
- ☞ not to have served more than 3 terms as a non-executive Director within Cofinimmo and such service not having exceeded 12 years;
- ☞ not to have a spouse, a legal cohabitant, a parent or relative of the second degree serving as a Director, member of the Executive Committee or in a managerial position in the Company.

4. Term of office

In principle, Directors are appointed for a term of 3 years. However, the Articles of Association allow a term of office of up to 6 years. Directors may be re-elected. In order to ensure continuity of work in the Board of Directors, the mandates are in principle arranged so that a rotation system is established.

Cofinimmo observes the provisions of the Code of Corporate Governance relating to the length of terms of office. To ensure a regular input of new talent on the Board, the term of office of a non-executive Director, other than the independent one, is in general limited to a period of 12 years. Renewals beyond this period are possible only if they are subject to rigorous examination. .

Any director who fails to attend at least 65% of meetings will be considered to have resigned.

5. Commitments and Contributions

The Directors undertake to serve the long-term interests of the Company by responding appropriately to concerns expressed by the General Meeting of Shareholders and other interested parties, such as employees, clients, public authorities and supervisory bodies (CBFA).

The Directors constantly broaden their knowledge of the Company's business and of developments in the property sector. They play a key role as ambassadors for the Company, but must not make statements on behalf of the Company without having received the appropriate authorisation.

The Directors undertake to devote enough time to performing their duties and responsibilities effectively. More particularly, non-executive Directors shall inform the Chairman of the Board of Directors in writing of

any significant change in their responsibilities other than those related to their Directorship. They shall inform the Chairman prior to accepting new Directorships.

The Directors judge matters submitted for their attention by drawing on their knowledge and experience and express their opinions, ask any questions and make any recommendations that they consider necessary or desirable with complete independence.

The Members of the Board of Directors are bound by an obligation of confidentiality concerning all information obtained in the course of performing their duties.

However, the notification period may be shorter (i) where the Chairman and CEO decide jointly that, owing to unforeseen circumstances the interests of the Company so require or (ii) where the Directors agree to a shorter notification period.

The notification specifies the date and venue of the meeting as well as the items on the agenda.

Information of importance to the Directors for their full understanding of matters to be discussed at the meeting as well as the draft minutes of the previous meeting are distributed in written form to each Director one week before the meeting. The auditor is notified of this conflict of interest via the minutes of the meeting.

5. Written resolutions of the Board of Directors

In accordance with Article 14 of the Articles of Association, the resolutions of the Board of Directors may be taken with the unanimous consent in writing of the Directors in exceptional circumstances duly justified by reason of high-urgency and the interests of the company. However, this procedure may not be employed for the purposes of adopting the annual accounts or for utilising the authorised capital.

6. Minutes of meetings

The draft minutes of each meeting are disseminated as quickly as possible to all the members of the Board of Directors for their preliminary comments and approval. The Chairman, assisted by the Secretary-General, ensures that these minutes are ready for final approval at the following meeting. The minutes, approved by the Board of Directors, are signed by the Chairman.

Each Committee reviews its charter at least once a year and recommends any necessary changes to the Board of Directors.

VIII. Communication with Directors

The Chairman of the Board of Directors is responsible for ensuring that all information received by the Directors is precise, relevant and clear. Other Directors submit their questions via the Chairman of the Board of Directors or, in his absence, the CEO.

The Board of Directors, its Chairman and its Committees may take advice from experts, consultants or any other external advisers that they consider useful to the performance of their duties.

IX. Assessment of performances

Under the direction of the Chairman, at least every two or three years, the Board regularly assess its size, its composition, its performance and those of its committees as well as its interaction with the Executive Committee.

This evaluation has four objectives:

- To assess the operation of the Board of Directors or of the Committee concerned;
- To check whether the important questions are properly prepared and discussed;
- To evaluate the effective contribution of each Director by his presence at meetings of the Board of Directors and of the committees and his constructive involvement in the discussions and the decision-making process; and,
- To check whether the current composition of the Board of Directors or the Committees corresponds to what is desirable.

The Board of Directors makes a periodic formal evaluation of their performance and of their collective operation as well those of their members individually.

The evaluation of the performances of the Board of Directors follows a process jointly put in place by the Chairman of the Board of Directors and the Secretary General, followed by the Appointment, Remuneration and Corporate Governance Committee, and is subject to a decision on the agenda of the Board of Directors. The performance assessment focuses on the functioning of the Board of Directors and the Committees via a

written procedure enabling the directors to raise points for attention, which are subsequently examined by the Appointments, Remuneration and Corporate Governance Committee which decides on the points for action.

At least once a year the non-executive directors conduct a regular assessment of their interaction with the Executive Committee. For this purpose they meet at least once a year without the presence of members of the Executive Committee.

The Chairmen of each of the Committees submit their annual report (containing a chapter devoted to their individual and collective assessment) to the Board of Directors in the course of the 1st quarter of each year.

The Chairman of the Board of Directors abides by the outcome of the performance assessment, taking into account the strengths and weaknesses of the Board of Directors and, where applicable, proposing the appointment of new members to the Board of Directors or requesting the resignation of Directors
