Title C.

Approval of the change of control clauses.

Approval of each change of control clause in each credit agreement or conditions for issuing equity or debt securities entered into by the Company between May 8th, 2013 and the date of the current general meeting, in accordance with article 556 of the Belgian Company Code, which states that only the shareholders meeting may grant to third parties rights impacting the assets of the company or creating a debt or liability for the company, when the exercise of these rights depends on the launch of a public take-over of the company's shares or on a change of control over the company. More specifically, this concerns: 1) the change of control clause concerning the issuing of convertible bonds on June 20th, 2013, within the context of a private placement : according to this clause, a temporary downward adjustment of the conversion price will take place in the event of a change of control, and 2) the change of control clause concerning the 50 million euro credit agreement as entered into with the Bank LBLux SA on July 31st, 2013: according to this clause a change of control may lead to the reimbursement of the borrowed amounts.

These clauses also include every possible clause entered into between the convening date of this general meeting and the actual date of this general meeting (and, if applicable, that will be outlined during this general meeting). If the change of control clause concerning the issuing of convertible bonds on June 20th, 2013, within the context of a private placement, is not approved by the general meeting of November 18th, 2013 or, if it does not meet the quorum, by the second general meeting which will take place on December 5th, 2013, this clause must be put on the agenda of each following general meeting, until its approval is obtained. It must be noted that, if the change of control clause concerning the issuing the convertible bonds of June 20th, 2013 is not approved by the general meeting of the company by December 31st, 2013 at the latest, the company will have to reimburse the bonds 45 days after, at a rate of one hundred and two percent (102%) of the highest of these two amounts: the principal amount or the fair market value of the convertible bonds on December 31st, 2013, together with any accrued but unpaid interest.

The board of directors invites you to approve and, in so far as necessary, to ratify each change of control clause in each credit agreement or conditions for issuing equity or debt securities entered into by the Company between May 8th, 2013 and the date of the current general meeting, in accordance with article 556 of the Belgian Company Code, and to authorise the board of directors to take all publication measures laid down in this article.
